

Trial Audit

» [UWS Trial Audit Reports May 2006](#) (staff login required)

As part of its AUQA audit preparations, the University had its trial audit on **1-3 May 2006**. The trial audit was a whole-of-university self assessment against the AUQA audit criteria. This assisted the University community to confirm that its portfolio was accurate, comprehensive and authentic. It also helped UWS to identify areas of good practice and highlighted key areas for improvement to be addressed prior to the full audit in October 2006.
